Following is from Dept. noon press briefing Jan. 20:

QUOTE Q: Do you have any comment on the statements by the JDL that they are going to ease off on their campaign of harassment, and did the State Dept. play any role in it, directly urging them to do this?

A. No. We have simply taken note of those statements. We did not play any role in it. The conversations which people in the Dept. have had with representatives of the JDL were devoted entirely to the interest of Rabbi Kahane meeting with the Sec. UNQUOTE
